

## Payment Card Processing for a Cause

We know how important the NESCPA Foundation Scholarships are to students and families from around the state of Nebraska. That's why we're proud to partner with the Nebraska Society of CPAs to help support the foundation's mission.

As our partner, the NESCPA will contribute up to 30 percent of their program earnings to the NESCPA Scholarship Fund based upon the dollar volume processed by members through the program established with Elavon.

Let's work together to provide financial assistance to today's students who will become tomorrow's CPAs.

### Why Switch to Elavon:

- Specially negotiated rates for members of the Nebraska Society of CPAs
- Free rate analysis to see how you can reduce your costs of payment acceptance
- Ability to accept all payment types in any environment (online, in-person or on-the-go)
- 24/7/365 customer service and support
- Real-time access to online reporting and analytics

The more merchants that switch to Elavon, the more money NESCPA can contribute back to the scholarship fund.
